

At long last, rebuilding has commenced and we hope that by the time you read this , we will have a roof.

Fortunately our insurance will cover the “like for like” rebuilding work, but it does not cover the cost of the improvements we are planning to our church, hall and community rooms to make them fit for the 21st century and beyond—hence the need for fundraising.

Disabled Access

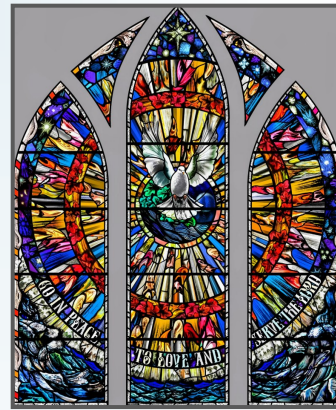

All will be able to access both the church and hall through the new west entrance and the upstairs rooms by a lift capable of taking a wheelchair .

Audio Visual

Will be available in church and other parts of the complex . WiFi too.

Our New West Window

Our newly designed West Window will be sited above our church entrance. This will provide a joyful visual way into our church building. Generously fully funded.

Our New Community room for small meetings and groups

In addition to our hall we will have upstairs, a new room which will provide modern facilities and be available for local community use. We want It to be comfortable and also

Fresh Vision — Blending old and new

All Saints Church will have a flexible worshipping space retaining the character and stained glass side windows of old.
The seating will be chairs and not pews making a more comfortable and manageable space for all.

We hope that this leaflet will have given a snapshot of the many things we need to fund to make our church buildings fit for modern use to serve the Community in Mudeford
